

FRANCISCO MORENO DE LA CRUZ

Backend Developer

+34 609872744 • franciscomoreno280499@gmail.com • LinkedIn • GitHub • Portfolio • Madrid

Summary

Backend Developer with a strong foundation in C, C++, Python, and Linux. I completed the Common Core at 42 Madrid Fundación Telefónica, an intensive, project-based program where I strengthened my skills in systems programming, networking, algorithms, and problem-solving. I also hold a Higher Diploma in Cross-Platform Application Development and am seeking my first professional opportunity to contribute and grow as a developer

Skills

Programming Languages: C • C++ • Python • SQL
Systems & y DevOps: Linux • GitHub
Software Engineering: Algorithms and Data Structures • Object-Oriented Programming • Software Architecture • Networking
Soft Skills: Self-directed learning • Problem-solving • Teamwork • Critical thinking
Spanish: Native ● ● ● ● ● **English:** Advanced(B2) ● ● ● ○ ○

Featured Projects

Minishell – C LinkedIn GitHub Development of a shell inspired by Bash, featuring command parsing, environment variables, and built-in commands. Implemented pipes, redirections, process management, signals, and exit status handling.	IA Buscaminas – Python LinkedIn GitHub Developed an algorithm capable of solving Minesweeper boards through pixel analysis, logical inference, and probability calculations. Implemented board analysis, decision-making, and safe-move selection.
